

## **HOW CAN I CLEAR MY AGENCY'S ERRORS ON THE ZX02 MISMATCH REPORT??**

(Part Six)

*Issued 09/29/06*

This week we will review several errors related to the employee's Infotype 0008 Basic Pay screen:

**IT0001- EE GRP WITH WRONG W/T XXXX**

**NO PAY SCALE LEVEL FOUND ON IT0008**

**PAY TYPE = 40 RECORD NEEDS MANUAL REVIEW**

and

**AMOUNT MISSING**

### **IT0001- EE GRP WITH WRONG W/T XXXX**

When this error message is presented, the wage type on the employee's Basic Pay infotype (0008) is not correct as it relates to the Employee Group on the Organizational Assignment infotype (0001). This occurs when position attributes are changed and recorded in the Personnel record through an action but the Basic Pay screen is not updated as part of that activity. The activity should be re-executed and completed through the Basic Pay infotype for this error to be corrected.

### **NO PAY SCALE LEVEL FOUND ON IT0008**

This error message indicates that the Level on the employee's Basic Pay infotype (0008) is missing.

### **PAY TYPE = 40 RECORD NEEDS MANUAL REVIEW**

On the **Basic Pay** infotype (0008), a pay type of "40" is an error. Review the position information and the Basic Pay infotype.

### **AMOUNT MISSING**

On the **Basic Pay** infotype (0008), a wage type has been stored with **no** pay amount. Review and correct the record.
