INSURANCE INFORMATION NOTICE 2020-1

SUBJECT: Preparations for Invest 92L/TS Barry

Heavy rains are expected to impact Louisiana over the next three days as Invest 92L is expected to make landfall on or near the Louisiana coast. State agencies are encouraged to immediately take precautionary measures to elevate all movable property, including valuable papers, vehicles and equipment to higher ground to minimize the potential damage from rising water.

Should an agency sustain a loss to buildings, contents, vehicles or equipment they should promptly report their loss to **Sedgwick CMS**. Claim reporting instructions and forms can be found online. Below is the link to the claims reporting website:

<http://www.laorm.com/>

If you are unable to access the internet or have questions on reporting your claim, contact Sedgwick at (225) 368-3500 or toll free at (844) 717-5566.

Should an agency require emergency remediation services to deal with water extraction and dry out, they are encouraged to refer to the Statewide Remediation Contract to obtain these services. Please see the attached for contact information under the current contract.

If there are any questions relating to this process, please contact Patricia Barron (225) 342-8467 or Sherry Price at (225)342-8466.
