Source of Funding

This program is funded with Interagency Transfers, Fees and Self-generated Revenues and Statutory Dedications from the Transportation Trust Fund-Regular (Constitution, Article VII, Section 27) and Transportation Trust Fund-Federal. Interagency Transfers are received from various state agencies for utilization of the state-wide topographic mapping system developed and maintained by DOTD. The Fees and Self-Generated Revenues are collected by DOTD from the sale of printed bid proposal documents to prospective bidders, subcontractors, or suppliers (R.S. 48:252 B(4)); and from fees charged for copies of documents provided in response to public records requests (R.S 44:32 B(2)) used to offset administrative costs. The Statutory Dedications are Transportation Trust Fund-Regular (TTF-Regular) revenues from taxes on fuels and vehicle licenses and Transportation Trust Fund-Federal (TTF-Federal) receipts from the Federal Highway Administration. (Per R.S. 39:36B. (8), see table below for a listing of expenditures out of each statutory dedication fund).

07-276 — Engineering and Operations

Agency Description

The mission of the Engineering and Operations Agency is to deliver transportation and public works systems that enhances the quality of life and facilitates economic growth.

The goals of the Engineering Agency are:

- I. Provide quality customer service
- II. Enhance public confidence
- III. Deliver critical infrastructure improvements
- IV. Operate a safe and efficient infrastructure system

The Office of Engineering and Operations is composed of five programs: Engineering, Planning, Operations, Aviation, and Multimodal Commerce.

276_1000 — Engineering

Program Authorization: Louisiana Revised Statutes 36:507 (B), 36:508, and Title 48

Program Description

The mission of the Engineering Program is to develop, construct and operate a safe, cost-effective and efficient highway and public infrastructure system which will satisfy the needs of the public and serve the economic development of the State in an environmentally compatible manner.

The goals of the Engineering Program are:

- I. Provide quality customer service
- II. Enhance public confidence
- III. Deliver critical infrastructure improvements
- IV. Operate a safe and efficient infrastructure system

The Engineering Program has three activities including Operations and Maintenance, Program and Project Delivery, and Support Services.

Source of Funding

This program is funded with Fees and Self-generated Revenues, Interagency Transfers, Federal Funds, and Statutory Dedications from the Transportation Trust Fund-Regular (Constitution, Article VII, Section 27), Transportation Trust Fund-Federal, LTRC Transportation Training and Education Center Fund, DOTD Rightof-Way Permit Processing Fund, and the Louisiana Highway Safety Fund. The Fees and Self-generated Revenues are derived from research projects for various national organizations, reimbursement by various companies and individuals for damages to roads and bridges, mineral leases on right-of-way, sale of land, buildings and equipment on right-of-way, sale of plans and specifications, permits for outdoor advertising, sales of scrap, credit card discount fees, pay phone fees and microwave frequency sales. The Statutory Dedications are Transportation Trust Fund-Regular (TTF-Regular) revenues from taxes on fuels and vehicle licenses and Transportation Trust Fund-Federal (TTF-Federal) receipts from the Federal Highway Administration. The DOTD Rightof-Way Permit Fund is derived from annual permit fees paid by utility companies. The LTRC Transportation Training and Education Center Fund is derived from registration fees charged to participants in transportation education courses offered by the LTRC. The Louisiana Highway Safety Fund is derived from citations issued for exceeding the posted speed limit by less than ten miles per hour on an interstate highway. The Interagency Transfers are derived from administrative fees collected for Capital Outlay projects administered by DOTD and from various state agencies for utilization of the statewide topographic mapping system developed and maintained by DOTD. The Federal Funds are derived from a Federal Research and Innovative Technology Administration (RITA) grant to be used exclusively for research grants for highways and from a Federal Emergency Management Agency (FEMA) grant for the National Flood Insurance Program - Community Assistance. (Per R.S. 39:36B. (8), see table below for a listing of expenditures out of each statutory dedication fund).

Program Authorization: Louisiana Revised Statutes 36:508.1 and 48:228-233; Federal Statute Title 23

Program Description

The Office of Planning's mission is to provide strategic direction for a seamless, multimodal transportation system.

The goals of the program are:

- I. Provide quality customer service
- II. Enhance public confidence
- III. Deliver critical infrastructure improvements
- IV. Operate a safe and efficient infrastructure system

The activities of the Planning and Programming Program include: Operations and Maintenance, Support Services, Program and Project Delivery, and Transit.

Source of Funding

This program is funded with Interagency Transfers, Fees and Self-generated Revenues, Statutory Dedications and Federal Funds. Interagency Transfers are from the Highway Safety Commission and are to be used for projects dedicated to safety enhancement. The Fees and Self-generated Revenues are derived from local agencies for their portion of expenditures for specially equipped vehicles for elderly and disabled citizens and for capital assistance to rural transit providers, and from the Louisiana Bicycle and Pedestrian Safety Dedicated Fund Account receives fees from the sale of prestige license plates for the purposes of bicycle and pedestrian safety. Statutory Dedications are from Transportation Trust Fund-Regular (Constitution, Article VII, Section 27) and Transportation Trust Fund-Federal receipts. Transportation Trust Fund-Regular (TTF-Regular) receives revenues from taxes on fuels and vehicle licenses and Transportation Trust Fund-Federal (TTF-Federal) receipts are from the Federal Highway Administration. The Federal Funds are provided through a federal grant for highway safety programs and the Federal Transit Administration. (Per R.S. 39:36B. (8), see table below for a listing of expenditures out of each statutory dedicated fund).

Source of Funding

This program is funded with Interagency Transfers, Fees and Self-generated Revenues, Statutory Dedications, and Federal Funds. The Interagency Transfers are derived from: reimbursements for natural disasters from the Federal Emergency Management Agency (FEMA) through the Governoris Office of Homeland Security and Emergency Preparedness (GOHSEP); funds from the Volkswagen Clean Air Act Civil Settlement which flow through the Department of Environmental Quality; and from administrative fees collected for Capital Outlay projects administered by the Department. The Fees and Self-generated Revenues are proceeds from the equipment buy-back program and the LOGO program. DOTD has negotiated purchase agreements with vendors that provide a "buy-back" option similar to a lease. Due to the high resale value of certain types of tractors and mowers, this equipment can be purchased and then sold back to the vendor after one year of use with little to no loss in value. The LOGO program is funded through sale of permits for advertisements attached to interstate highway signage. The Statutory Dedications are Transportation Trust Fund-Regular (TTF-Regular) revenues from taxes on fuels and vehicle licenses and Transportation Trust Fund-Federal (TTF-Federal) receipts from the Federal Highway Administration. The Crescent City Transition Fund revenues are derived from the balance of tolls previously collected for the Crescent City Connection Bridge. The State Highway Improvement Fund revenues are derived from registration and license fees and taxes collected by the state pursuant to R.S. 47:462, and as provided in R.S. 47:481 for trucks and trailers. The New Orleans Ferry Fund revenues are derived from truck and trailer registration or license tax collected in Orleans Parish. The Regional Maintenance and Improvement Fund revenues are derived from truck and trailer registration or license tax collected in Jefferson Parish. The Federal Funds are derived from the Commercial Vehicle Information Systems and Networks program (CVISN) grant administered by the Federal Motor Carrier Safety Association. (Per R.S. 39:36B. (8), see table below for a listing of expenditures out of each statutory dedicated fund).

Source of Funding

This program is funded with Federal Funds and Statutory Dedications from the Transportation Trust Fund-Regular (Constitution, Article VII, Section 27) revenues from taxes on fuels and vehicle licenses. The Federal Funds are provided through a Federal Transit Administration Highway Transit Grant. (Per R.S. 39:36B. (8), see table below for a listing of expenditures out of each statutory dedication fund).
