Activity Description:

The Resilient and Mixed Income Piggyback Program (PRIME) provides funding for the construction of quality, affordable multifamily rental developments. PRIME requires that all new units incorporate disaster resilience measures to provide better outcomes in a major storm or rain event. The program’s policies have the stated goal of providing more social and physical security in the rental and housing market and encouraging innovation in building practices to lessen future storm impacts to property and residents. With the additional proposed resources from PRIME, the state can ensure that rental units created to address rental needs in impacted areas will also protect low-income rentals from future disasters. In addition to being required to meet the programmatic LIHTC requirements, applicants eligible for PRIME assistance are required to develop new, quality, affordable rental housing using higher standards and innovative practices in order to lower the risks from storm and hurricane-related impacts. The funding will provide developers with the opportunity to use workable approaches to resilient housing (such as, but not limited to elevated structures/mechanicals, building materials/technologies, power generation, topography and landscaping, retention/detention ponds, etc.) toward development of nearly two dozen properties, which are substantially more likely to fare better in major storms than existing properties in similar locations.

The state will administer a lending program for disaster-impacted small businesses for non- construction related expenses. The state will enter into subrecipient agreements with implementing partners including local community development organizations (non-profit organizations, community development financial institutions, local credit unions, and other eligible organizations). In the event the state is unable to identify local community development organizations that can serve the entire impacted area, the state may issue awards directly to small businesses that meet the program criteria.
