19-656-Special School District

Agency Description

The Special School District (SSD) is mandated by the Louisiana Legislature to provide educational services to children who are sensory impaired and to children with exceptionalities who reside in the State of Louisiana. These students' impairments preclude their making normal progress in regular public schools.

The mission of the Special School District is to foster a learning community that is student-oriented and dedicated to excellence, by providing child-specific instruction and residential services to all children. These schools are designed to provide students who are deaf and hard of hearing, visually impaired, and/or with exceptionalities with a community of support that affords them the ability to hone their skills in American Sign Language (ASL) and Braille. Through this, the Special Schools District will provide a culturally and sensory-rich environment, as well as providing special education and related services to children with exceptionalities who are enrolled in state-operated programs, to provide appropriate educational services to eligible children enrolled in state-operated mental health facilities and to provide educational services to children in privately operated juvenile correctional facilities.

The goal of the Special School District is to provide educational opportunities to all eligible students that will allow them to develop to their maximum potential. The schools provide educational services necessary for children, ranging in age from 0-21 years old that prepare them for post-secondary training and/or the workforce, in an environment that provides training appropriate to obtaining independent living skills. Vision 2025 Objectives 1.1, 1.2, 1.3, 1.4, 1.7, 1.9, and 1.11 are directly or indirectly related to SSD's program goals and objectives.

Previously, SSD had five (5) programs: Administration and Shared Services, Louisiana School for the Deaf, Louisiana School for the Visually Impaired, Special Schools Programs, and the Auxiliary Account. For FY 2027, SSD consolidated three of the programs into one and now has three (3) programs: Louisiana School for the Deaf and Visually Impaired, Special Schools Programs, and the Auxiliary Account.

The Louisiana Schools for the Deaf and Visually Impaired (LSDVI), located on 116 acres of land in Baton Rouge, provides residential elementary and secondary educational services to children who are hearing and visually impaired. As of October 1, 2025, the school served 132 students on the campus of which 81 attend the Louisiana School for the Deaf (LSD) and 56 attend the Louisiana School for the Visually Impaired (LSVI). There are 22 buildings providing educational facilities for a preparatory/elementary school, a junior-senior high school, physical education, vocational and special needs programs, separate dormitory buildings for LSD and LSVI students and preparatory, elementary, secondary age students and special needs students, learning resource center, and various physical plant support and administrative buildings.

The Special Schools Programs provide special education and related services to children with exceptionalities who are enrolled in state-operated programs, provide appropriate educational services to eligible children enrolled in state-operated mental health facilities, provide educational services to children in state-operated juvenile justice facilities, and state-operated adult correctional facilities.

Program Description

The mission of the Special Schools Programs is to provide special education and related services to children with exceptionalities who are enrolled in state-operated programs and to provide appropriate educational services to eligible children enrolled in state-operated mental health facilities, juvenile justice facilities, and adult correctional facilities.

The goal of Special Schools Programs is to ensure that all children can learn and grow to become productive citizens, regardless of their particular status or situation.

The Special Schools Programs include:

- To maintain, in each type of facility, appropriate teacher/student ratios such that there will be 10 students per teacher in mental health facilities, 8 students per teacher in the Office of Citizens with Developmental Disabilities (OCDD), 10 students per teacher with the Department of Corrections (DOC) and 8 students per teacher in Office of Juvenile Justice (OJJ) facilities.
- To assure that students are receiving instruction based on their individual needs, such that 50% of all students will demonstrate a one-month grade level increase for one month's instruction in SSD.

Program Authorization

Program Description

The mission of the Louisiana School for the Deaf and Visually Impaired Program is to provide support services for Instructional and Residential programs, foster a learning community that is student-centered and dedicated to excellence by providing child-specific instruction, residential, and outreach services to all children, and to provide educational services to blind and/or visually impaired children 3-21 years of age, through a comprehensive quality educational program that prepares students for post-secondary training and/or the workforce, and a pleasant, safe, and caring environment in which students can live and learn.

The goal of the LSDVI Program is to provide the direction and services necessary for the effective operation of the schools and to provide the instructional, educational, and residential/student life services needed to educate children who are deaf, hard of hearing, blind, and/or visually impaired, including training and guidance through demonstrating appropriate behaviors to obtain independent living skills, so they may become self-sufficient adults in the mainstream of society. The Louisiana School for the Deaf and Visually Impaired Program includes the following activities:

- Provide essential support services in the areas of executive, human resources, accounting, purchasing, facility planning, and management.
- Provide student health services, student transportation, admissions and records, technology, and pupil appraisal services.
- Provide food service, security services, and general maintenance services.
- The Instructional activity consists of the Elementary Department, Middle School, High School, Career and Technology Department, Physical Education, and Guidance and Counseling Services. Educational departments have the responsibility for providing children who are deaf with the necessary tools to achieve academically, socially, and physically compared to their hearing counterparts. This is accomplished by providing a total learning environment, which will prepare for post-secondary education or to assume a responsible place in the working society as an independent, self-sufficient, responsible adult.
- The Residential activity provides child care and social education designed to simulate a home-like atmosphere while concurrently reinforcing the educational needs of curricular programs. Included in the program is child-care services and social education. The after-school program is designed to furnish those social, cultural, recreational, and educational experiences which are ordinarily provided for the hearing child at home, church, and community activities during out-of-school time. Further, dormitory personnel assists students in developing independence in six life domains: personal hygiene, household management, time management, social skills, physical/emotional fitness, and intellectual study skills.
- The Outreach Services activity provides Sign Language instruction, evaluation, and interpretation, early intervention and educational summer programming, prekindergarten through 12th grade support, virtual workshops and other online resources for Deaf and hard of hearing children, their families, and educational service providers.
- The Instructional Services activity provides a quality, specifically designed regular instruction program for grades pre-school through 12, as well as quality alternative programs for multi-handicapped students who are unable to benefit from the graded curriculum.

- The Residential Services activity provides a cost-efficient, quality residential program that simulates a homelike atmosphere while reinforcing the goals of the Instructional Services activity and helping to develop as much independence as possible. The Residential Services activity provides before and after school activities and programs for both day and residential students in areas such as recreation, home living skills, sports, and student work programs, as well as providing student residential services.
- The Outreach Services activity provides Orientation and Mobility Services, Braille and large print materials from the Louisiana Instructional Materials Center (LIMC), and assistive technology and/or low vision services for qualifying LEA students. The Parent Pupil Education Program (PPEP) provides services to educate children and families who are blind or visually impaired from 0-22 years of age.

6574-Louisiana Virtual School

Program Authorization

R.S. 17:1961-1968.

Program Description

The mission of the Louisiana Virtual School (LVS) is to expand learning opportunities for students statewide through the online delivery of courses.

The goals of the LVS are:

- I. To be an active provider through the Louisiana Department of Education's (LDOE) Supplemental Course Academy.
- II. To provide courses in public school districts as well as for home-schooled students and students in parochial and private schools.
- III. To provide a curriculum that will meet the needs of high-achieving, highly-motivated students in middle and secondary school grades.

The LSMSA Virtual School is an LDOE-approved provider of online high school courses through the Supplemental Course Academy (SCA) program. Participation in SCA is limited to Louisiana middle and high public school students seeking credit for high school-level coursework. Students and parents are able to register for coursework through the SCA online registration system with the final approval of the school district. Funds are distributed to the school district through a special MFP SCA allocation. As an SCA provider, the bulk of the funding for the LSMSA Virtual School is provided through an agreement with the Louisiana Department of Education for receipt of tuition from enrolled students and a small percentage are private enrollments. Student enrollment is an unknown variable each year. All LSMSA Virtual School courses are also open to private enrollment for students attending a private school or who are home-schooled. In these cases, SCA funds are not used to pay for the tuition. LSMSA Virtual School offers core and elective high school credit online courses. The school operates through web-based instruction and students access class content through a learning management system.

Program Description

The mission of the Living and Learning Community Program is to foster in its young scholars lifelong growth toward reaching individual potential and finding places of work and service in a global society through the examination and exchange of ideas in a community of learners.

The goals of the Living and Learning Community are:

- I. To maximize students' opportunities for intellectual and personal growth, preparing them for personal, collegiate, and career success through a curriculum, a mentoring program, and a level of support uniquely available in a residential setting.
- II. To increase awareness of the value of LSMSA through marketing and communications that promote the cause of the school
- III. To provide opportunities for incoming students to build relationships with peers and staff, and become familiar with the academic and residential expectations of LSMSA.
- IV. To maintain an active alumni network that supports the life and culture of LSMSA.
- V. To promote the school to its stakeholders.

The Living and Learning Community includes the following activities:

- The Operations activity is responsible for the day-to-day operation of the school with respect to administration, policy-making, budgeting, personnel services, purchasing, and maintenance of the physical plant. The activity is also responsible for recruiting and selecting students. The Board of Directors of the school also operates through this activity to perform its statutory role and responsibilities.
- The Living/Learning Community (LLC) activity provides a rigorous and challenging educational experience for high school students through an accelerated curriculum which includes instruction, investigation, and research. The main function of the LLC is to provide free and appropriate educational opportunities to students through academic, residential, counseling, and health and wellness services.
- The Summer School activity furthers the philosophy of LSMSA by extending the school year and providing additional opportunities to promote the intellectual and personal growth of students identified in the admissions process.

19-666-Board of Elementary and Secondary Education

Agency Description

The mission of the Board of Elementary and Secondary Education (BESE) is to provide leadership and create policies for education that expand opportunities for children, empower families and communities, and advance Louisiana in an increasingly competitive global market.

The goals of the Board of Elementary and Secondary Education are:

- I. To provide leadership in setting an education agenda for the continuous improvement of public education as measured by student and school achievement.
- II. To strive to improve the financing of public education as measured by the effective and efficient use of human and financial resources.

BESE has two (2) programs: Administration, and the Louisiana Quality Education Support Fund. BESE is the constitutionally created policy-making board responsible for the supervision and control of the public elementary and secondary schools under its jurisdiction. As BESE sets policies governing the public education system of the state, external human resource policies benefitting children are incorporated within the scope of K-12 policies established by the board.

6662-Louisiana Quality Education Support Fund

Program Authorization

Article VII, Sections 10.1 of La. State Constitution: R.S. 17:3801, etsq.

Program Description

The mission of the Louisiana Quality Education Support Fund Program is to annually allocate proceeds from the Louisiana Quality Education Support Fund (8g) for elementary and secondary educational purposes to improve the quality of education.

The goal of the Louisiana Quality Education Support Fund Program is to use limited resources in the most strategic and equitable ways possible to increase and support student achievement.

The program provides the administration and allocation of 8(g) funds for elementary and secondary projects. Funds are allocated in accordance with the seven constitutional categories for innovative and exemplary programs that will impact student achievement or skills. The Louisiana Quality Education Support Fund [Permanent Trust Fund] was established in 1986 by the Louisiana Legislature to receive the bulk of the proceeds from an offshore oil revenue settlement with the federal government. A separate Louisiana Quality Education Support Fund [Support Fund] was created in the Louisiana State Treasury to receive and hold the interest earnings from the trust. Twenty-five percent (25%) of the earnings are held in the Permanent Fund and fifty percent (50%) of the remaining seventy-five percent (75%) of the earnings in the Support Fund are constitutionally mandated to be appropriated by the Legislature and allocated by the Louisiana State Board of Elementary and Secondary Education (BESE) for the enhancement of elementary and secondary education. Allocations are made in accordance with constitutional and legislative restrictions and are aligned with board priorities and education initiatives.

NOCCA was established in 1973 and authorized as a state agency by Act 60 of the 2000 Extraordinary Legislative Session. The center's pre-professional arts curriculum is designed to prepare students to follow paths toward professional careers involving any of NOCCA's seven (7) arts disciplines: Creative Writing, Culinary Arts, Dance, Music, Theatre, Visual Arts, and Media Arts.

The agency's mission is to provide professional arts training, coaching, and performance opportunities for high school-level students who aspire to be creative artists.

The goals of NOCCA are:

- I. Manage the fiscal and human resources to operate NOCCA effectively.
- II. Expanding the reach and efficacy of NOCCA so that more students can attend by addressing barriers to access, and by creating viable satellite NOCCA programs.
- III. Provide in-depth arts training, instilling in each student a high degree of professionalism through exposure to learning which allows students to gain knowledge and skills in their chosen arts discipline.
- IV. Provide students with the ability to make informed choices for themselves whether in the arts field or outside of the arts field.

NOCCA has one (1) program: NOCCA Instruction
