Overall Progress Narrative:

In 2023 Qtr 3, OCD continued making progress on the implementation of the following programs:

- Restore20 Louisiana Homeowner Program
- RLHP20 Flood Insurance Assistance Program
- RLHP20 Interim Housing Program
- Soft Second Mortgage Program
- Middle-Market Loan Program
- Neighborhood Landlord Rental Program
- Permanent Supportive Housing Program
- Rapid Rehousing Program
- Resilient Mixed Income Gap Funding Program
- HMGP Global Match Program
- NonFederal Share Match Program
- Resilient Communities Infrastructure Program
- Small Business Loan and Grant Program
- Hometown Revitalization Program

Furthermore, OCD worked with its local, State, regional partners, and stakeholders to assess outstanding unmet recovery needs, as well as develop and amend programs to address those unmet needs. The progress on the individual programs comprising the Flood grant is as follows:

Restore20 Louisiana Homeowner Program

The Restore Louisiana Homeowner Assistance survey opened on Feb. 1, 2022. The program opened applications:

- Phase 1 on May 11, 2022
- Phase 2 – 3 on Aug. 24, 2022
- Phase 4 – 5 on Nov. 28, 2022
- Phase 6 on Dec. 15, 2022

As of 06/30/23, 27,901 surveys have been submitted. 18,323 homeowners were determined to be Phases I – VII. 10,980 environmental reviews were completed and 10,975 respondents have been invited to submit their application. 5,590 applications have been submitted. 3,187 grant awards have been offered to homeowners, amounting to \$257,220,853.53. Of those, 1,618 homeowners have executed their grant agreements, obligating \$130,811,724.18.

As of 9/30/2023, funds expended provided repair, reconstruction, replacement, and/or reimbursement to disaster impacted homeowners with AMI less than or equal to 80%.

Restore20 Louisiana Homeowner Program – Solution 4

The Solution 4 option of the Restore Louisiana Homeowner Assistance Program is a voluntary real property acquisition program. The buyout program is designed to move residents of damaged properties located in floodways or other high-risk areas out of harm's way to areas of lower risk. Awards are calculated using the fair market value of the damaged property minus any duplication of benefits. Expenditures for the quarters ending 6/30/2023 and 9/30/2023 were for Activity Delivery Costs.

RLHP20 Interim Housing Assistance Program

As different Federal funding programs are tapering off and/or no longer available to reduce or eliminate interim housing costs paid to some program participants, the RLHP provides assistance related to additional eligible rental or mortgage expenses, for up to 20 months, provided the household is at or below 120% AMI and is an active applicant within the RLHP. As of June 30, 2023, the program has assisted 48 total active RLHP20 homeowners with temporary housing assistance while their homes are being repaired or reconstructed, with \$239,308.42 in assistance paid to date. Of these, 45 applicants were temporarily housed in a hotel; 3 applicants were housed directly to a rental unit. The obligated total funding for the total 130 approved IHA participants is \$660,169.18. (218 total Applicants)

As of September 30, 2023, payment of rental or hotel lodging for eligible applicants with AMI less than or equal to 80% while their repair/reconstruction projects are underway through State managed construction until the home is complete and deemed safe/habitable.

RLHP20 Flood Insurance Assistance Program

As of June 30, 2023, 182 applications have been completed and submitted by homeowners. Of these, 129 applications have been approved with 79 grant agreements totaling \$127,979.59 in premiums obligated, of these, 51 policies totaling \$67,232.69 have been paid.

As of September 30, 2023, funds expended for purchase of one-year term flood insurance premium for eligible applicants with AMI less than or equal to 80%.

Soft Second Mortgage Program

The Soft Second Mortgage Program provides homeownership assistance to first time low- and moderate-income homebuyers by providing soft second mortgages and closing cost assistance to acquire site-built homes outside the Special Flood Hazard Area. This program helps eligible renters to become homeowners in the relatively lower risk areas of storm-impacted parishes, thereby alleviating the rent burden potentially faced by some eligible applicants.

As of September 30, 2023, funds expended to assist five (5) households with down payment/closing cost and administrative fees.

Middle-Market Loan Program

The Middle-Market Loan Program (MMLP) will provide gap financing to support the rehab and/or construction of multi-family buildings in impacted parishes that serve a range of household incomes, with the goal of achieving below-market rent affordability for LMI households.

That range of "middle-market" rents also allows participants to embed units with deeper affordability into higher-income areas, which provides good, stable housing in high-opportunity areas to low-income families and encourages socioeconomic integration into communities.

Projects funded through MMLP will require OCD standards of safety, environmental sustainability, and resilience to storm hazards, which will not only ensure the longevity and quality of those projects but will also positively influence design and building standards for Louisiana's affordable housing industry. \$3,900 in expenditures this quarter were for Activity Delivery.

The \$27,998.75 in funds expended as of quarter ended 9/30/2023 were for NOFA program development.

Rental Restoration and Development (RRDP)

The Neighborhood Landlord Rental Program will offer funding for applicants to rehabilitate existing housing units or construct new affordable housing units. NLRP will also revitalize communities impacted by Hurricanes Laura, Delta, Ida and/or the May 2021 Severe Storms by reducing the blight of damaged properties as it redevelops them into affordable rental housing.

Permanent Supportive Housing Program

The Permanent Supportive Housing Program (PSHP) model is a proven, evidenced-based best practice housing model that results in long-term improved outcomes for people whose disabilities would otherwise severely compromise their housing and economic security.

PSHP achieves these outcomes in two ways:

- Creates affordable rental housing units in a non-institutional setting linked with flexible community-based supportive services. This approach leads to reduced utilization of emergency room services and other high-cost health / social service interventions, and to cost savings that outweigh spending required to provide the supportive services.

- Creates a program network coordinated at the State level rather than at the provider level, system access to a pipeline of affordable housing units, and opens up opportunities to leverage Medicaid funding and disaster recovery funds for long-term housing solutions.

This approach emphasizes the long-term resilience of both the individuals who benefit from supportive housing and the institutional networks that serve them.

Rapid Rehousing Program

The State has established a model of Rapid Rehousing for households following disasters. The Rapid Rehousing Program (RRH) is based on an effective solution to address the needs of persons at risk of becoming homeless by providing a combined solution of affordable housing and support services that help households to be self-sufficient. This includes preventing homelessness whenever possible by rapidly rehousing people when homelessness is imminent and providing 'wrap around' services that stabilize the cost of housing and supports self-sufficiency for the household.

Resilient Mixed Income Gap Funding Program (PRIME)

The Resilient and Mixed Income Piggyback Program (PRIME) provides funding for the construction of quality, affordable multifamily rental developments.

PRIME requires that all new units incorporate disaster resilience measures to provide better outcomes in a major storm or rain event. The program's policies have the stated goal of providing more social and physical security in the rental and housing market and encouraging innovation in building practices to lessen future storm impacts to property and residents.

With the additional proposed resources from PRIME, the State can ensure that rental units created to address rental needs in impacted areas will also protect low-income rentals from future disasters.

In addition to being required to meet the programmatic LIHTC requirements, applicants eligible for PRIME assistance are required to develop new, quality, affordable rental housing using higher standards and innovative practices in order to lower the risks from storm and hurricane-related impacts. The funding will provide developers with the opportunity to use workable approaches to resilient housing (such as, but not limited to elevated structures/mechanicals, building materials/technologies, power generation, topography and landscaping, retention/detention ponds, etc.) toward development of nearly two dozen properties, which are substantially more likely to fare better in major storms than existing properties in similar locations.

26 Applicants have been selected and will now proceed towards closing award loans. All quarterly spending was for Activity Delivery.

As of September 30, 2023, funds disbursed are for hard costs for Woodring Phase 2 and Bayou D'Arbonne.

HMGP Global Match Program

The State will work with eligible applicants and other State agencies to identify the most efficient means of implementing a global match program for approved FEMA's Hazard Mitigation Grant Program (HMGP) projects.

Non-Federal Share Match Program

Investments in infrastructure repair and rebuilding in areas impacted by Hurricanes Laura, Delta, Ida and/or the May 2021 Severe Storms helps to secure investments in housing recovery and bolsters confidence in communities continuing to rebuild. Without assistance to meet the State and local match requirements, the infrastructure and resources typically provided by State and local governments will be severely at-risk, as the State and local governments will be required to either a) forgo assistance from FEMA PA or b) divert funding needed for other community needs toward meeting the match requirements. The State will dedicate funds to offset the burden of the non-Federal share match requirements faced by State and local entities and jurisdictions.

Resilient Communities Infrastructure Program

The State will create a program for eligible sub-recipients to revitalize designated commercial districts damaged by Hurricanes Laura, Delta, Ida and/or the May 2021 Severe Storms.

Encouraging economic opportunities, while supporting the recovery of commercial areas, is essential to ensuring that commercial tenants, customers and jobs are restored. By facilitating the return of commercial districts and businesses to profitability, jobs will be created or retained within the community and residents will continue to have access to the products and services they need within their local community.

Small Business Loan and Grant Program

The State will administer a lending program for disaster-impacted small businesses for non-construction related expenses. The State will enter into sub-recipient agreements with implementing partners including local community development organizations (non-profit organizations, community development financial institutions, local credit unions, and other eligible organizations). In the event the State is unable to identify local community development organizations that can serve the entire impacted area, the State may issue awards directly to small businesses that meet the program criteria.

The 2020 Restore Small Business Loan program expenditures, \$35,616, are for Activity Delivery per a task order for Cohn Reznick. The following Lenders have been selected to administer the 2020 Restore Small Business Loan Program: New Corp, South Central Planning, New Orleans Regional Loan Corp, and North Delta Planning.

The \$51,815.00 in funds expended as of quarter ended 9/30/2023 were for administrative activities.

Hometown Revitalization Program

The State will create a program for eligible sub-recipients to revitalize designated commercial districts damaged by Hurricane Ida and/or the May 2021 Severe Storms.

Encouraging economic opportunities, while supporting the recovery of commercial areas, is essential to ensuring that commercial tenants, customers and jobs are restored. By facilitating the return of commercial

districts and businesses to profitability, jobs will be created or retained within the community and residents will continue to have access to the products and services they need within their local community.

Activity Description:

The Middle-Market Loan Program will provide gap financing to support the rehab and/or construction of multi-family buildings that serve a range of household incomes, with the goal of using higher-cost units to generate deeper affordability for LMI renters. That range of “middle-market” rents also allows participants to embed units with deeper affordability into higher-income areas, which provides good, stable housing in high-opportunity areas to low-income families, and encourages socioeconomic integration in communities. Projects funded through MMLP will require OCD standards of safety, environmental sustainability, and resilience to storm hazards, which will not only ensure the longevity and quality of those projects, but will also positively influence design and building standards for Louisiana’s affordable housing industry.

Location Description:

Activity Progress Narrative:

The \$27,998.75 in funds expended as of quarter ended 9/30/2023 were for NOFA program development.

Activity Description:

The Resilient and Mixed Income Piggyback Program (PRIME) provides funding for the construction of quality, affordable multifamily rental developments. PRIME requires that all new units incorporate disaster resilience measures to provide better outcomes in a major storm or rain event. The program’s policies have the stated goal of providing more social and physical security in the rental and housing market and encouraging innovation in building practices to lessen future storm impacts to property and residents. With the additional proposed resources from PRIME, the state can ensure that rental units created to address rental needs in impacted areas will also protect low-income rentals from future disasters. In addition to being required to meet the programmatic LIHTC requirements, applicants eligible for PRIME assistance are required to develop new, quality, affordable rental housing using higher standards and innovative practices in order to lower the risks from storm and hurricane-related impacts. The funding will provide developers with the opportunity to use workable approaches to resilient housing (such as, but not limited to elevated structures/mechanicals, building materials/technologies, power generation, topography and landscaping, retention/detention ponds, etc.) toward development of nearly two dozen properties, which are substantially more likely to fare better in major storms than existing properties in similar locations.

Location Description:

Activity Progress Narrative:

As of September 30, 2023, funds disbursed are for hard costs for Woodring Phase 2 and Bayou D'Arbonne.

Activity Description:

The state will administer a lending program for disaster-impacted small businesses for non- construction related expenses. The state will enter into subrecipient agreements with implementing partners including local community development organizations (non-profit organizations, community development financial institutions, local credit unions, and other eligible organizations). In the event the state is unable to identify local community development organizations that can serve the entire impacted area, the state may issue awards directly to small businesses that meet the program criteria.

Location Description:

Activity Progress Narrative:

The \$51,815.00 in funds expended as of quarter ended 9/30/2023 were for administrative activities.
