04-139-Secretary of State

Agency Description

The mission of the Secretary of State's office is to serve the public by meeting its legal responsibilities of collecting, securing and communicating information that enhances commerce; ensures the integrity of Louisiana's elections; and preserves, presents, and makes accessible government information essential to Louisiana's operations and its recorded history.

The goals for the Secretary of State are the following:

- To provide the Department with the leadership and management necessary to meet its Program's objectives while performing the constitutional and statutory responsibilities of the Secretary of State and the Department of State.
- To maintain an efficient and accurate election system and provide essential, comprehensive information that instills public confidence in the State's electoral process.
- To provide the services, information and facilities necessary to promote and support the State's governmental records management programs and identify, preserve and make available governmental records and other archival materials of interest to the citizens of Louisiana.
- To provide an effective presentation of history through the provision of a comprehensive system of thematic museums that enhances the public's understanding of the various influences and aspects of Louisiana's culture that have impacted its development.
- To ensure compliance with the commercial filing laws at the lowest possible cost to taxpayers by maximizing the efficiency of document processing and information services.

The agency has established and maintained policies beneficial to women and families. In addition to supporting Family and Medical Leave, the agency permits work schedules that enhance employee morale and efficiency and maximizes the potential for recruiting and retaining quality employees. To accomplish these goals, employees may, with supervisory approval, deviate from the traditional work schedule as long as doing so does not adversely impact agency operations. Although the agency does not permit the continual presence of children in the workplace in lieu of other childcare arrangements, agency policy allows drop-in visits by children to their parent's office or bringing a child to the office while awaiting doctor's visits, appointments, etc. for a short period of time. The agency will continue to assess the needs of women and families in the development of human resource policies.

Program Description

The mission of the Administrative Program is two-fold:

- Assist the Secretary of State in carrying out the duties of his office by providing the legal, financial and management control services for the department and its various programs; and
- as Keeper of the Great Seal, attest to the Governor's signatures on Executive Orders and pardons, issue commissions for elected and appointed officials in the State; record and maintain information relative to individual wills, and produce various publications as required by Louisiana law.

The Administrative Program's goal is to provide the Department with the leadership and management necessary to meet its Program's objectives while performing the constitutional and statutory responsibilities of the Secretary of State and the Department of State.

Program Activities include the following:

- Executive Services includes the elected official, Secretary of State, and his executive administrative staff, Public Information, and Publications. The leadership and management functions of this activity ensure duties and responsibilities of the department are carried out in an efficient and effective manner.
- Primary Support Services includes Accounting/Purchasing and Human Resources Divisions. These functions provide primary services to agency personnel. Accounting/Purchasing conducts budget and fiscal functions as well as accounting duties including, but not limited to, processing cash and check deposits, credit card payments and charges, vendor payments, travel expenses, election cost distribution and election worker payroll. The Purchasing function provides direct support in the acquisition of supplies, equipment, and services for the agency. Human Resources provide personnel support to managers, supervises payroll time accounting, and provides liaison with State Civil Service.
- Legal Support Services includes the Legal Division and Commissions Division. The Legal Division reviews and approves all ballot propositions, including bond, debt and tax propositions; wet/dry propositions; stock law propositions; home rule charter propositions; recall elections; and constitutional amendments prior to the propositions being placed on all ballots. The Legal Division drafts and reviews Department of State contracts and submits the contracts and supporting documents to the Department of State Civil Service and Office of Contractual Review for approval. The Legal Division processes, prepares and responds to public records requests and extraditions/requisitions. The Legal Division also represents the Department of State in federal court, including actions under the National Voter Registration Act of 1993; on a statewide basis in election contests, objections to candidacy and various other cases, including actions at the trial court and appellate court levels. The Commissions Division provides advice and interpretation of multiple statutes. The Commissions Division authenticates certificates, for both walk-in customers and mailed requests that authenticate the signature of State Registrars, Judges, Sheriffs, Clerks of Court and their Deputies, Notaries Public, and other officials. The Commissions Division receives and processes notifications of resignation and retirement from elected officials and determines compliance with applicable statutes in Title 18 (The Election Code). The Commissions Division

prepares and mails commission certificates, oaths of office forms, laminated identification cards, and mailing labels for every elected candidate.

- Information Technology Support Services is the Information Technology Division. The Information Technology Division assists in the planning, implementation, and upgrades for critical applications and is responsible for preventive maintenance and repair of hardware and software required for the day to day operations of the agency.

Program Description

The mission of the Elections Program is to ensure the integrity of the electoral and election management process in Louisiana for its voters, citizens and for other interested parties in Louisiana and the United States, and in general to encourage public participation in the election process by educating voters and potential voters about the elections process through effective outreach programs.

The goals of the Elections Program are:

- To provide and keep, at a high level of readiness at all times, the best available equipment that accurately and confidentially records and counts the votes cast by Louisiana voters.
- To prepare election ballots that accurately reflect the candidates and issues for each precinct holding an election.
- To administer the laws governing voter registration; to develop programs for the statewide voter registration system to better assist the parish registrars of voters and serve the general public; and to ensure the accuracy and integrity of the information contained in the statewide voter registration system.
- To promote voter registration through education and public awareness programs.
- To provide a mechanism for the public to report voter fraud and other illegal election activity; to investigate reports of improper election activity.
- To coordinate with local law enforcement and prosecutorial agencies to address voter fraud and illegal election activity.

Program Activities include the following:

- The Administrative Services activity includes elections administration, registration administration, elections compliance, and outreach functions. This activity processes candidates for state office and prepares ballots for all elections. This activity directs, assists, and prescribes rules, regulations, forms, and instructions to be applied uniformly by each registrar of voters in the state. This activity is responsible for encouraging qualified Louisiana citizens to register and vote by developing and promoting a program of education for school-aged children and adults on the registration and voting process. This activity is also responsible for providing investigative support to every program and providing an outlet for citizens to report fraudulent or illegal activity, investigating such reports, and coordinating with local law enforcement agencies and district attorneys for the prosecution of such illegal conduct.
- The Registrar of Voters activity is the parish level offices that register all persons interested in becoming voters and updates voter registration data. In accordance with statutory requirements, the Secretary of State is required to pay the state's share of the salaries for registrars of voters and their employees, as well as, a pro-

rated portion of the annual canvass cost. The canvass examines the validity of the addresses of record for the registered voters in Louisiana.

- The Election Support Services activity includes Technical Operations, Field Operations, and Operations Administration functions. This activity is responsible for the day to day maintenance and repair of voting machines, emergency repair or replacement of voting machines on election days, and programming electronic voting machines with election ballots.

Program Description

The mission of Louisiana State Archives is to collect, preserve, display, and make available those records essential to the reconstruction of Louisiana's colorful history and heritage. Its Records Program ensures the government and public continued access to essential information created by the State through a viable and responsive records management program and a comprehensive preservation effort, making the archival materials acquired and maintained by the program readily available for researchers and educational programs.

The goal of the Archives and Records Program is to provide the services, information and facilities necessary to promote and support the State's governmental records management programs and identify, preserve and make available governmental records and other archival materials of interest to the citizens of Louisiana.

Program Activities include the following:

- The Archives Administrative Services activity operates under a mandate to identify, collect, preserve, maintain, and make available those records and artifacts that enhance our endeavors to understand the dynamics and nuances of Louisiana's remarkable history. The Archives Administrative Services activity provides a comprehensive preservation effort for documents of historical relevance and interest. Archival materials acquired and maintained by the activity are readily available for researchers and educational programs. Conservation Services designs, develops, and promotes exhibits that utilize historic documents and materials to highlight the archives and the history of the state of Louisiana.
- The Records Services activity provides the services, information, and facilities necessary to promote and support the State's governmental records management program. Records Services provides storage for business records for state agencies and retains them according to approved retention schedules. This activity trains Record Management Liaisons for statewide agencies and reviews retention schedules submitted by these agencies. Imaging and Preservation Services serves as the centralized document conversion center for the state by supporting agencies that lack document conversion systems of their own.

Program Description

The mission of the Museums Program is to present exhibits, educational and other programs to the public to emphasize the political, social and economic influences, personalities, institutions, and events that have shaped the landscape of Louisiana's colorful history and culture and its place in the world. To further this mission the Museums Program will acquire, refurbish and preserve artifacts and other historic relics representative of the past and attract exhibits of interest to the communities they serve.

The goal of the Museum and Other Operations Program is to provide an effective presentation of history through the provision of a comprehensive system of thematic museums that enhances the public's understanding of the various influences and aspects of Louisiana's culture that have impacted its development.

This program has only one activity, Museum Services.

Program Description

The mission of the Commercial Program is to provide the business, financial and legal communities timely and efficient service in the certification and registration of documents relating to securing, retaining business entities and assets; the processing of legal services documents and communication of business licensing information as required by law and to make such information concerning these business entities available to the public; and to ensure the quality of the notary database.

The goal of the Commercial Program is to ensure compliance with the commercial filing laws at the lowest possible cost to taxpayers by maximizing the efficiency of document processing and information services

Program Activities include the following:

- The Administrative Services activity functions in three areas. 1) The activity provides the business community timely and efficient service in business registration. This activity collects fees and tracks annual reports for businesses operating in Louisiana. 2) The activity also serves as the service of process agent for the state on some foreign filings, corporations and all foreign insurance companies, and for out-of-state motorists involved in suits resulting from automobile accidents on Louisiana highways. The activity receives legal processes in such cases from State and Federal courts, and forwards it to the person designated to receive same. This activity also serves as the agent for service of process for taxicab owners, business opportunity, mineral leases, and political subdivisions. 3) The activity is the home of the Uniform Commercial Code (UCC) notification system. Users can file the UCC finance documents with any of the 64 parish filing offices and the information will be incorporated in the statewide database.
- geauxBIZ.com is a starting point for customers to obtain information regarding which state and local agencies need to be contacted for a variety of registration documents. geauxBIZ staff will prepare a customized business license checklist tailored to any specific business licensing need. geauxBIZ.com offers a wide array of free and helpful services for the new business owner. The web site offers frequent updates about regulation changes, tips and ideas from business owners, including testimonials of business owners who have used geauxBIZ.com.
- The Notary Services activity maintains a database on notary publics in Louisiana and processes annual reports. The activity takes orders for and ships Fundamentals in Louisiana Law and Practice Study Guide to individuals wanting to prepare for the state notary exam. The activity processes applications for the state notary exam.
