#### Source of Funding

This program is funded with Interagency Transfers, Fees and Self-generated Revenues and Statutory Dedications from the Transportation Trust Fund-Regular (Constitution, Article VII, Section 27) and Transportation Trust Fund-Federal. Interagency Transfers are received from various state agencies for utilization of the state-wide topographic mapping system developed and maintained by DOTD. The Fees and Self-Generated Revenues are collected by DOTD from the sale of printed bid proposal documents to prospective bidders, subcontractors, or suppliers (R.S. 48:252 B(4)); and from fees charged for copies of documents provided in response to public records requests (R.S 44:32 B(2)) used to offset administrative costs. The Statutory Dedications are Transportation Trust Fund-Regular (TTF-Regular) revenues from taxes on fuels and vehicle licenses and Transportation Trust Fund-Federal (TTF-Federal) receipts from the Federal Highway Administration. (Per R.S. 39:36B. (8), see table below for a listing of expenditures out of each statutory dedication fund).

### **Source of Funding**

This program is funded with Fees and Self-generated Revenues, Interagency Transfers, Federal Funds, and Statutory Dedications from the Transportation Trust Fund-Regular (Constitution, Article VII, Section 27), Transportation Trust Fund-Federal, LTRC Transportation Training and Education Center Fund, DOTD Rightof-Way Permit Processing Fund, and the Louisiana Highway Safety Fund. The Fees and Self-generated Revenues are derived from research projects for various national organizations, reimbursement by various companies and individuals for damages to roads and bridges, mineral leases on right-of-way, sale of land, buildings and equipment on right-of-way, sale of plans and specifications, permits for outdoor advertising, sales of scrap, credit card discount fees, pay phone fees and microwave frequency sales. The Statutory Dedications are Transportation Trust Fund-Regular (TTF-Regular) revenues from taxes on fuels and vehicle licenses and Transportation Trust Fund-Federal (TTF-Federal) receipts from the Federal Highway Administration. The DOTD Rightof-Way Permit Fund is derived from annual permit fees paid by utility companies. The LTRC Transportation Training and Education Center Fund is derived from registration fees charged to participants in transportation education courses offered by the LTRC. The Louisiana Highway Safety Fund is derived from citations issued for exceeding the posted speed limit by less than ten miles per hour on an interstate highway. The Interagency Transfers are derived from administrative fees collected for Capital Outlay projects administered by DOTD and from various state agencies for utilization of the statewide topographic mapping system developed and maintained by DOTD. The Federal Funds are derived from a Federal Research and Innovative Technology Administration (RITA) grant to be used exclusively for research grants for highways and from a Federal Emergency Management Agency (FEMA) grant for the National Flood Insurance Program - Community Assistance. (Per R.S. 39:36B. (8), see table below for a listing of expenditures out of each statutory dedication fund).

## Source of Funding

This program is funded with Interagency Transfers, Fees and Self-generated Revenues, Statutory Dedications and Federal Funds. Interagency Transfers are from the Highway Safety Commission and are to be used for projects dedicated to safety enhancement. The Fees and Self-generated Revenues are derived from local agencies for their portion of expenditures for specially equipped vehicles for elderly and disabled citizens and for capital assistance to rural transit providers. Statutory Dedications are from Transportation Trust Fund-Regular (Constitution, Article VII, Section 27) and Transportation Trust Fund-Federal receipts and the Louisiana Bicycle and Pedestrian Safety Fund. Transportation Trust Fund-Regular (TTF-Regular) receives revenues from taxes on fuels and vehicle licenses and Transportation Trust Fund-Federal (TTF-Federal) receipts are from the Federal Highway Administration. The Louisiana Bicycle and Pedestrian Safety Fund receives fees from the sale of prestige license plates for the purposes of bicycle and pedestrian safety. The Federal Funds are provided through a federal grant for highway safety programs and the Federal Transit Administration. (Per R.S. 39:36B. (8), see table below for a listing of expenditures out of each statutory dedicated fund).

## **Source of Funding**

This program is funded with Interagency Transfers, Fees and Self-generated Revenues, Statutory Dedications, and Federal Funds. The Interagency Transfers are derived from reimbursements for natural disasters from the Federal Emergency Management Agency (FEMA) through the Governoris Office of Homeland Security and Emergency Preparedness (GOHSEP) and from administrative fees collected for Capital Outlay projects administered by the Department. The Fees and Self-generated Revenues are proceeds from the equipment buy-back program and the LOGO program. DOTD has negotiated purchase agreements with vendors that provide a "buy-back" option similar to a lease. Due to the high resale value of certain types of tractors and mowers, this equipment can be purchased and then sold back to the vendor after one year of use with little to no loss in value. The LOGO program is funded through sale of permits for advertisements attached to interstate highway signage. The Statutory Dedications are Transportation Trust Fund-Regular (TTF-Regular) revenues from taxes on fuels and vehicle licenses and Transportation Trust Fund-Federal (TTF-Federal) receipts from the Federal Highway Administration. The Crescent City Transition Fund revenues are derived from the balance of tolls previously collected for the Crescent City Connection Bridge. The Federal Funds are derived from the Commercial Vehicle Information Systems and Networks program (CVISN) grant administered by the Federal Motor Carrier Safety Association. (Per R.S. 39:36B. (8), see table below for a listing of expenditures out of each statutory dedicated fund).
