4743-Office of Unemployment Insurance Administration

Program Authorization

This program is authorized by the following legislation:

- Louisiana Revised Statutes 23:1471; Federally mandated by the Wagner - Peyser Act of 1933, the Social Security Act of 1935, and the Federal Unemployment Insurance Tax Act (FUTA).

Program Description

The mission of the Office of Unemployment Insurance Administration is to promote a stable, growth-oriented Louisiana through the administration of a solvent and secure Unemployment Insurance Trust Fund as supported by employer taxes. It is also the mission of this program to pay Unemployment Compensation Benefits to eligible unemployed workers.

The goals of the Office of Unemployment Insurance Administration are:

- To provide financial security to unemployed workers through timely and accurate payment of Unemployment Compensation Benefits funded by employers' payments of quarterly unemployment taxes.
- To administer the Unemployment Insurance Trust Fund supported by employer taxes to pay Unemployment Compensation Benefits to eligible unemployed workers.

The Office of Unemployment Insurance Administration has two activities:

- **Unemployment Benefit Payments:** This activity pays unemployment benefits to unemployed individuals in accordance with provisions of the Louisiana Employment Security Law. Funds come from the Unemployment Insurance (UI) Trust, financed by quarterly payroll taxes paid by Louisiana employers. Administrative responsibility includes the determination of monetary entitlement, weekly eligibility, deductible income, and non-monetary eligibility, including disqualifications for voluntary leaving and misconduct discharges. Initial and weekly claims are filed over the Internet or by telephone through the UI Call Center.
- **Unemployment Insurance Taxes:** This activity registers employers, assigns tax rates, and collects taxes from employers subject under Louisiana Employment Security Law and liable to pay UI taxes. It is a business tax on an employer's payroll, and not a deduction from employee wages. Employers are responsible for submitting quarterly employee payroll data along with the payment of UI taxes. Taxes are deposited into the UI Trust Fund within three (3) days of receipt, and used to pay unemployment compensation to the unemployed. The payroll data is utilized in determining the monetary eligibility of unemployment claims. Compliance audits are conducted to ensure employers are reporting properly, obtain missing wage data, and collect delinquent taxes.
