OSRAP MEMORANDUM

TO: Fiscal Officers
All Proprietary Entities

FROM: Brian Fleming, CPA
Director

SUBJECT: GASB 68 Net Pension Liability and Related Amounts for FY 2026 Annual
Fiscal Report (AFR)

Attached is the Schedule of Employer Pension Amounts for FY 2026 (Exhibit 1), which is located on OSRAP's website at <https://www.doa.la.gov/doa/osrap/>. Select "AFR Packets," and then select the link "2026 Pension Liability and Related Amounts for BTAs and Internal Service Funds." The pension schedule includes the pension expense, revenues, deferred inflows and outflows related to pensions, and the pension liability for the primary government proprietary funds reported in the State's Annual Comprehensive Financial Report (ACFR). If your entity has a pension liability and is reported as an internal service fund or business-type activity (BTA) in the State's ACFR, please use the pension amounts on the attached schedule (Schedule of Employer Pension Amounts, Exhibit 1) when preparing your entity's Annual Fiscal Report (AFR). The pension information for LASERS and TRSL are listed separately on the schedule.

The amounts reflected on Exhibit 1 for the deferred inflows and outflows are FY 2026 ending balances. Exhibit 3 displays the future amortization for each agency presented on Exhibit 1. The journal entries that should be recorded by your entity may be calculated by taking the difference between the prior year ending balances and the current year ending balances for the pension related accounts as illustrated in Exhibit 2. Exhibit 2 reflect the 2026 pension information for Prison Enterprises and **should be used as a guide** in preparing your entity's pension journal entries. Prison Enterprises participates in LASERS and TRSL, so the pension amounts in Exhibit 2 combine the amounts from both retirement systems for this agency. The 2025 figures in the sample exhibits were taken from Exhibit 1 for FY 2025 on OSRAP's website. The pension schedules from prior years are retained on OSRAP's website so that entities can access prior pension information. The deferred inflows and outflows for the differences between expected and actual return on plan investments are netted for each plan as required by GASB Statement 68.

The various deferred inflows related to pensions should be combined and entered on one account line on the Statement of Net Position (SNP) in the BTA AFR portal and the various deferred outflows related to pensions should be combined and reported on one account line on the SNP.

Page 2 of 2

Grant revenue should be recorded in the noncapital subsidies section of the Statement of Revenue, Expenses, and Changes in Net Position. This represents the employer's proportionate share of nonemployer contributing entities' contributions to TRSL.

For FY2026 employer reporting, OSRAP is treating the proportionate share of Legislative Acts contributions reported by LASERS as employer contributions rather than grant revenue since LASERS's reported amounts are negative and immaterial.

The attached pension schedule does not include the amount for the last journal entry in the examples for current year contributions made subsequent to the measurement date. As a reminder, deferred outflows related to pensions on your entity's FY 2026 financial statements should equal your agency's deferred outflows listed on the pension schedule, plus the amount of the current year (FY 2026) pension contributions made subsequent to the measurement date. All of your agency's deferred inflows related to pensions can be obtained from the pension schedule.

If you have questions regarding pension reporting, please contact Latoya McCutcheon at (225) 219-4445 or Latoya.McCutcheon@la.gov.
