Office of Community Development/ Disaster Recovery Unit

Policy and Procedure for Amending Scope of Work

**I. Overview**

Activity applications and amendments (including changes in budgets and scope) are reviewed and approved by program staff through OCD-DRU's internal tracking system – GIOS. Upon approval of changes, OCD-DRU reporting staff update activities within the DRGR system. As part of DRGR system rules, HUD requires an approved DRGR Action Plan before Quarterly Performance Reports can be submitted. Thus, HUD reviews and approved DRGR Action Plans on a quarterly basis. It is through the DRGR Action Plan that OCD-DRU notifies HUD of changes in activity (or project level) changes in budget or scope.

**II. GIOS Application Amendment**
