Source of Funding

This program was funded with Fees and Self-generated Revenues, Statutory Dedications from the Transportation Trust Fund-Regular (Constitution, Article VII, Section 27) and Transportation Trust Fund-Federal, and Federal Funds. The Fees and Self-generated Revenues are derived from licensing fees for water well drillers and revenues from the Louisiana Offshore Oil Port. The Statutory Dedications are Transportation Trust Fund-Regular (TTF-Regular) revenues from taxes on fuels and vehicle licenses and Transportation Trust Fund-Federal (TTF-Federal) receipts from the Federal Highway Administration. The Federal Funds are provided from FEMA through a grant funding 100% of allowable costs to encourage the establishment and maintenance of effective state dam safety programs. (Per R.S. 39:32B. (8), see table below for a listing of expenditures out of each statutory dedication fund).

The Interagency Transfers are derived from the Parish Transportation Program (80%) and local agency match (20%). The Fees and Self-generated Revenues are derived from local agencies for their portion of expenditures for specially equipped vehicles for elderly and disabled citizens and for capital assistance to rural transit providers. Transportation Trust Fund-Regular receives funds by taxes collected on the sale of motor fuels and vehicle licenses. The Federal Funds are derived from the Federal Transit Administration and the Federal Rail Administration. (Per R.S. 39:32B. Source of Funding

This program is funded with Fees and Self-generated Revenues and Statutory Dedications from the Transportation Trust Fund-Regular (Constitution, Article VII, Section 27), Transportation Trust Fund-Federal, and DOTD Right-of-Way Permit Processing Fund, and Federal. The Fees and Self-generated Revenues are derived from research projects for various national organizations, tolls on statewide ferries, reimbursement by various companies and individuals for damages to roads and bridges, mineral leases on right-of-way, sale of land, buildings and equipment on right-of-way, sale of plans and specifications, permits for outdoor advertising, sales of scrap, credit card discount fees, pay phone fees and microwave frequency sales. The Statutory Dedications are Transportation Trust Fund-Regular (TTF-Regular) and TIMED revenues from taxes on fuels and vehicle licenses and Transportation Trust Fund-Federal (TTF-Federal) receipts from the Federal Highway Administration. The DOTD Right-of-Way Permit Fund is derived from annual permit fees paid by utility companies (R.S. 48:381). The Federal Funds are derived from a Federal Research and Innovative Technology Administration (RITA) grant to be used exclusively for research grants for highways. (Per R.S. 39:32B. (8), see table below for a listing of expenditures out of each statutory dedication fund).

This program is funded with Interagency Transfer Funds and Fees and Self-generated Revenues. The Interagency Transfer Funds are derived from Transportation Trust Funds (LA1 portion). The fees are generated from tolls collected on the Crescent City Connection Bridge and ferries in the New Orleans area. Based upon enacted legislation, the tolls on ferries and bridges are scheduled to expire on December 31, 2012.

Source of Funding

This program is funded with Interagency Transfers, Fees and Self-generated Revenues, Statutory Dedications and Federal Funds. Interagency Transfers are from the Highway Safety Commission and are to be used for projects dedicated to safety enhancement. The Fees and Self-generated Revenues are derived from local agencies for their portion of expenditures for specially equipped vehicles for elderly and disabled citizens and for capital assistance to rural transit providers. Statutory Dedications are from Transportation Trust Fund-Regular (Constitution, Article VII, Section 27) and Transportation Trust Fund-Federal receipts. Transportation Trust Fund-Regular (TTF-Regular) receives revenues from taxes on fuels and vehicle licenses and Transportation Trust Fund-Federal (TTF-Federal) receipts are from the Federal Highway Administration. The federal funds are provided through a federal grant for highway safety programs, the Federal Transit Administration and the Federal Rail Administration. (Per R.S. 39:32B. (8), see table below for a listing of expenditures out of each statutory dedicated fund).

Source of Funding

This program is funded with Interagency Transfers, Fees and Self-generated Revenues, and Statutory Dedications from the Transportation Trust Fund-Regular (Constitution, Article VII, Section 27) and Transportation Trust Fund-Federal. The Interagency Transfers are derived from reimbursements for natural disasters from the Federal Emergency Management Agency (FEMA) through the Office of Environmental Protection. The Fees and Self-generated Revenues are proceeds from the equipment buy-back program and the LOGO program. DOTD has negotiated purchase agreements with vendors that provide a "buy-back" option similar to a lease. Due to the high resale value of certain types of tractors and mowers, this equipment can be purchased and then sold back to the vendor after one year of use with little to no loss in value. The LOGO program is funded through sale of permits for advertisements attached to interstate highway signage. The Statutory Dedications are Transportation Trust Fund-Regular (TTF-Regular) revenues from taxes on fuels and vehicle licenses and Transportation Trust Fund-Federal (TTF-Federal) receipts from the Federal Highway Administration. (Per R.S. 39:32B. (8), see table below for a listing of expenditures out of each statutory dedicated fund).
