II. FY 2017-2018 Fiscal Status Summary:

In accordance with Act 1092 of the 2001 Regular Session and Act 107 of the 2002 First Extraordinary Session (R.S. 39:75), the first budget status report presented after October 15th shall reflect the fund balance for the previous fiscal year.

III. Current Year Items Requiring Action

IV. Horizon Issues Not Contained in 5-Year Plan

State share owed to FEMA upon the final closeout of various disasters, including Hurricane Katrina, for public assistance (state, local, and private non-profits) and hazard mitigation projects. Final closeouts of the various disasters are not expected until FY20 at the earliest, but could extend beyond the 5-year baseline projection window.

In 2008, the State of Louisiana through the Coastal Protection and Restoration Authority Board entered into a Project Partnership Agreement with the United States Army Corps of Engineers to construct a Hurricane and Storm Damage Risk Reduction System (HSDRRS) around the greater New Orleans area. The HSDRRS project is a cost share agreement whereby the State is required to pay a percentage (about 35%) of the total costs of the project. Payback will occur over a 30 year period with the first payment due once the HSDRRS project is completed, which is expected to be in Fiscal Year 2021.
