Department of Natural Resources

Department Description

The mission of the Department of Natural Resources is to ensure and promote sustainable and responsible use of the natural resources of our state so that they are available for the enjoyment and benefit of our citizens now and in the future.

The goal of the Department of Natural Resources is to provide a fair, predictable, and effective regulatory system that allows opportunities for development and economic growth through the use of our natural resources while at the same time ensuring protection of public safety and the environment. That balance is the focus of our role as stewards of Louisiana's bountiful natural resources that are critical to our economy and our culture.

The Department of Natural Resources is composed of four Agencies: Office of the Secretary, Office of Conservation, Office of Mineral Resources, and Office of Coastal Management. The Office of the Secretary is comprised of one Program: Executive. The Office of Conservation is comprised of one Program: Oil and Gas Regulatory. The Office of Mineral Resources is comprised of one Program: Mineral Resource Management. The Office of Coastal Management is comprised of one Program: Coastal Management.

11-431 — Office of the Secretary

Agency Description

The mission of the Office of the Secretary is to provide leadership, guidance, and coordination to ensure consistency within the Department as well as externally. The program serves to promote the Department, to implement the Governor's and Legislature's directives, and to function as Louisiana's natural resources ambassador to the world. Its customers are the Governor, Legislature, oil and gas industry, alternative energy industries, coastal-management stakeholders, employees of the Department, and other state agencies and departments, other governmental entities, and the citizens of the State of Louisiana.

The goals of the Office of the Secretary are:

- I. To streamline and coordinate department functions and services to provide a cost effective administration of accounting and budget controls, procurement and contract management, data processing (SONRIS), management and program analysis, human resources management and grant management that complies with state and federal laws and account principles and become an exemplary department in the areas of service deliver, cost efficiency, and internal operations.
- II. To promote efficient use of natural resources and energy, and encourage the development of renewable, non-renewable, and alternative sources of energy by providing training, technical assistance, information, and policy analysis.

The Office of the Secretary is comprised of one program: Executive.

For additional information, see:

Source of Funding

This program is funded with State General Fund, Interagency Transfers, Fees and Self-generated Revenues, Statutory Dedications, and Federal Funds. Interagency Transfers are derived from the Office of Conservation and the Office of Mineral Resources. The Fees and Self-generated Revenues are derived from fees charged for home energy audits (computed at \$50 per hour with a minimum of \$200 per audit), Insurance Recovery, and the sale of Data/Home Energy Loan Program (HELP). Statutory Dedications are derived from the Fisherman's Gear Compensation Fund (Per Act 673 of 1979 Per R.S. 56:700) and the Oilfield Site Restoration Fund (Per R.S. 30:93; R.S. 30:87)). The Federal Funds are derived from a federal grant through the U.S. Dept. of Energy's State Energy Conservation Program (SEP) which provides for the development and implementation of the SEP and also provides federal financial and technical assistance in support of such programs. Federal funds are also derived from the Federal Energy Settlement Funds (Stripper Well, Warner, direct restitution, Bayou Corne, OHA, and Exxon) which can be used for the administration and funding of five specific energy conservation programs: State Energy Conservation Program, Energy Extension Service, Institutional Conservation Program, Weatherization Assistance Program, and/or Low Income Home Energy Assistance Program. (Per R.S. 39.36B (8), see table below for a listing of expenditures out of each Statutory Dedication Fund).

11-432 — Office of Conservation

Agency Description

The mission of the Office of Conservation is to regulate the exploration and production of oil, gas, and other natural resources, and thereby protect public health and the environment, and the correlative rights of all parties involved. The Department of Conservation was originally created in 1912 by the Legislature, and eventually several entities were incorporated into the current Department of Natural Resources.

The goals of the Office of Conservation are:

- I. To manage the conservation and development of the non-renewable natural resources in the state, while minimizing the negative environmental impact of the development.
- II. To ensure protection of public health and the environment from hazards associated with the transportation of hazardous liquids and with the exploration, production, transportation, distribution, and disposition of oil, gas, lignite, and associated wastes, as well as conservation of ground water resources.

The Office of Conservation is comprised of one program: Oil and Gas Regulatory.

432_1000 — Oil and Gas Regulatory

Program Authorization: Act 16 of the 2015 Session; Louisiana Constitution Article IX, Section 1; La R.S 30:1 et seq.: La. R.S. 36:351; and La. R.S. 36:358; La. R.S. 36:359(K), La. R.S. 36:802.18; La. R.S. 38:3076(A), LA. R.S. 38:3076(A)(24), La. R.S. 38:3087.136(4), 38:3097.1 through 3097.6.

Program Description

The mission of the Oil and Gas Regulatory Program is to protect the correlative rights of all parties involved in the exploration and production of non-renewable oil, gas, and other natural resources, while preventing the waste of these resources, thereby protecting the public and the environment. Provide regulation, surveillance, and enforcement activities to ensure the safety of the public and the integrity of the environment.

The goals of the Oil and Gas Regulatory Program are:

- I. To manage the conservation and development of the non-renewable natural resources in the state, while minimizing the negative environmental impact of the development.
- II. To ensure protection of public health and the environment from hazards associated with the transportation of hazardous liquids and with the exploration, production, transportation, distribution, and disposition of oil, gas, lignite, and associated wastes, and conservation of groundwater resources.

Source of Funding

This program is funded with State General Fund, Interagency Transfers, Fees and Self-generated Revenues, Statutory Dedications, and Federal Funds. The Fees and Self-generated Revenues are derived from Insurance Recovery. The Interagency Transfers are derived from the Oilfield Site Restoration. Statutory Dedications are derived from the Oil and Gas Regulatory Fund (Per R.S. 30:21B.(2)(a)) and the Underwater Obstruction Removal Fund. Federal Funds are derived from the U.S. Department of Transportation, U.S. Department of the Interior, U.S. Geological Survey, and the U.S. Environmental Protection Agency. (Per R.S. 30:101.9), see table below for a listing of expenditures out of each Statutory Dedication Fund).

Replacing PI 23323 with a new indicator that specifically reports the percentage of notices reviewed/processed by DNR. The original PI included "and implemented subject..." which is outside the control of the agency.

11-434 — Office of Mineral Resources

Agency Description

The mission of the Office of Mineral Resources is to lease and/or explore for the development and production of minerals, oil, gas, or alternative energy sources on state-owned lands and water bottoms in an environmentally sound and safe manner. To prudently manage said resources by providing timely, accurate, and cost effective mineral royalty collection and disbursement services. These functions are performed under the authority and direction of the State Mineral and Energy Board. The primary customers are the citizens of Louisiana, the oil and gas industry, mineral rights holders, alternative energy producers, the Legislature, and the Division of Administration.

The goal of the Office of Mineral Resources is to ensure that the state-owned lands and water bottoms produce an optimal return on investment for the State of Louisiana.

The Office of Mineral Resources is comprised of one program: Mineral Resource Management.

For additional information, see:

Office of Mineral Resources

Office of Mineral Resources Budget Summary

434_1000 — Mineral Resources Management

Louisiana Constitution: Article IX, Section 3-6; R.S.36:351; R.S. 30:121.

Program Description

The mission of the Mineral Resources Management Program provides staff support to the State Mineral Board, which ensures that the state obtains the optimal return from these leases. Also grants and administers leases on state-owned lands and water bottoms.

The goal of the Mineral Resources Management Program is to ensure that the state-owned lands and water bottoms produce an optimal return on investment for the state of Louisiana.

Source of Funding

This program is funded with State General Fund, Interagency Transfers, Fees and Self-generated Revenues, and Statutory Dedications. The Interagency Transfers are derived from the Department of Wildlife and Fisheries and the Department of Transportation. The Fees and Self-generated Revenues are derived from Insurance Recovery. Statutory Dedications are derived from the Mineral and Energy Operation Fund (Per R.S. 30:136.3). (Per R.S. 39.36B (8), see table below for a listing of expenditures out of each Statutory Dedication Fund.)

11-435 — Office of Coastal Management

Agency Description

The mission of the Office of Coastal Management is to conserve, protect, manage, and enhance or restore Louisiana's coastal resources. The Agency implements the Louisiana Coastal Resources Program (LCRP) established by Act 361 of the 1978 Louisiana Legislature. The LCRP is Louisiana's federally approved coastal zone management program. The OCM also coordinates with various federal and state task forces, other federal and state agencies, the Office of the Governor, the public, the Louisiana Legislature, and the Louisiana Congressional Delegation on matters relating to the protection, conservation, enhancement, and management of Louisiana's coastal resources. Its clients include the U. S. Congress, legislature, federal and state agencies, the citizens and political subdivisions of the coastal parishes in Louisiana's coastal zone boundary, and ultimately all of the citizens of Louisiana and the nation whose economy is impacted by the sustainability of Louisiana's coastal wetlands.

The goal of the Office of Coastal Management is:

- I. To conserve coastal wetlands by carrying out the no net loss of wetlands policies of the State and Local Coastal Resources Management Act (SLCRMA) and the Coastal Wetlands Conservation Plan.
- II. To compensate qualified commercial fisherman for losses to equipment and vessels resulting from hitting or snagging underwater obstructions in the waters of the Louisiana Coastal Zone.

The Office of Coastal Management is comprised of one program: Coastal Management.

For additional information, see:

Office of Coastal Management

435_1000 — Coastal Management

Program Authorization: R.S. 49:214.21 et seq.

Program Description

The Office of Coastal Management (OCM) is the agency responsible for the conservation, protection, management, and enhancement or restoration of Louisiana's coastal resources. It implements the Louisiana Coastal Resources Program (LCRP), established by Act 361 of the 1978 Louisiana Legislature. The LCRP is Louisiana's federally approved coastal zone management program. The OCM also coordinates with various federal and state task forces, other federal and state agencies, the Office of the Governor, the public, the Louisiana Legislature and the Louisiana Congressional Delegation on matters relating to the protection, conservation, enhancement, and management of Louisiana's coastal resources. Its clients include the U.S. Congress, legislature, federal agencies, state agencies, the citizens and political subdivision of the coastal parishes in Louisiana's coastal zone boundary and ultimately all the citizens of Louisiana and the nation whose economy is impacted by the sustainability of Louisiana's coastal wetlands.

The goals of the Coastal Management Program are:

I. Conserve coastal wetlands by carrying out the no net loss of wetlands policies of the State and Local Coastal Resources Management Act (SLCRMA) and the Coastal Wetlands Conservation Plan.

Source of Funding

This program is funded with State General Fund, Interagency Transfers, Fees and Self-generated Revenues, Statutory Dedications, and Federal Funds. Interagency Transfers are from the Fisherman's Gear Fund, Office of the Secretary, and the Office of Coastal Protection and Restoration Support. Fees and Self-generated Revenues are derived from Insurance Recovery. Statutory Dedications are funded from the Coastal Resources Trust Fund and the Oil Spill Contingency Fund (Per R.S. 30:2483). Federal Funds are received from the Administration of Coastal Management Grant Section 306 of the Federal Coastal Zone Management ACT (CZMA) of 1972 as Amended, the Coastal Management Grant Section 309, and the Corps of Engineers Geological Review. (Per R.S. 39:32B. (8), see table below for a listing of expenditures out of each Statutory Dedication Fund).
